#### INDEPENDENT AUDITOR'S REPORT

Board of Trustees Township of Climax

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of Climax, as of March 31, 2007, and for the year then ended, which collectively comprise the Township's basic financial statements, as listed in the contents. These financial statements are the responsibility of the Township of Climax's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Township of Climax, as of March 31, 2007, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The budgetary comparison information on pages 19 through 22, are not a required part of the basic financial statements, but are supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it. The Township of Climax, has not presented the management's discussion and analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be a part of the financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township of Climax's basic financial statements. The combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements have been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## TOWNSHIP OF CLIMAX RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED MARCH 31, 2007

NET CHANGES IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$ 10,604
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlay as expenditures. However, in the government-wide statement of activities and changes in net assets, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of capital assets recorded in the current period.	
assets recorded in the current period.	16,500
Depreciation expense on capital assets is reported in the government-wide statement of activities and changes in net assets, but they do not require the use of current financial resources.  Therefore, depreciation expense is not reported as an expenditure in governmental funds.	(31,234)
Long term debt (i.e. loans) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has an effect on net assets. This amount is the net effect of these differences in the treatment of long-term debt and related items.	
Loan payments	32,000
Interest expense	(7,526)

CHANGE IN NET ASSETS OF GOVERNMENTAL NET ASSETS

#### **SUMMARY OF SIGNIFICANT ACCOUNT POLICIES**

The accounting policies of the Township of Climax (the Township), conform to U.S. generally accepted accounting principles as applicable to governments (hereinafter referred to as generally accepted accounting principles). The following is a summary of the more significant policies.

#### FINANCIAL REPORTING ENTITY

The Township's basic financial statements include the accounts of all Township operations. The Township has no component units based on the criteria set forth in Section 2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards.

#### **GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in activities) report information on all of the nonfiduciary activities of the Township. The effect of inter-fund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program; and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter are excluded from government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### MEASUREMENT FOCUS/BASIS OF ACCOUNTING

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

#### SUMMARY OF SIGNIFICANT ACCOUNT POLICIES (CONTINUED)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available if they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Township generally considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, expenditures relating to compensated absences and claims and judgements are recorded only when payment is due.

State grants, licenses and permits, charges for services and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable only when cash is received by the government.

The Township reports the following major governmental funds:

General fund is the main operating fund of the Township. This fund is used to account for all financial resources not accounted for in other funds. All general tax revenues and other receipts that are not restricted by law or contractual agreement to some other fund are accounted for in this fund. General operating expenditures, fixed charges and capital improvement costs that are not paid through other funds are paid from the general fund.

Street light fund accounts for street light expenditures, which are financed through special assessments.

Road fund accounts for road maintenance and repairs expenditures, which are financed through special assessments.

Fire fund accounts for the fire equipment and building expenditures, which are financed through a special millage.

Private-sector standards of accounting issued prior to December 1, 1989, are generally followed in the government-wide financial statements to the extent that those standards do not conflict with the standards of the Governmental Accounting Standards Board (GASB).

The Township reports two fiduciary funds, its tax collection and agency funds, which account for assets held by the Township in a trustee capacity or as an agent for individuals, private organizations, other governments and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

#### SUMMARY OF SIGNIFICANT ACCOUNT POLICIES (CONTINUED)

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

#### ASSETS, LIABILITIES AND NET ASSETS OR EQUITY

Bank deposits - Cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. Pooled interest income is proportionately allocated to all funds.

Receivables - In general, outstanding balances between funds are reported as "due to/from other funds." No allowance for uncollectible accounts has been recorded as the Township considers all receivables to be fully collectible.

Capital assets - Capital assets, which include property, plant, equipment and infrastructure assets (i.e. roads, sidewalks and similar items), are reported in the government-wide financial statements. Capital assets are defined by the Township as assets with an initial individual cost of more than \$1,500 (\$10,000 for infrastructure assets) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Governments can elect to account for infrastructure assets either retroactively to June 15, 1980, or prospectively. The Township has elected to account for infrastructure assets prospectively, beginning April 1, 2004.

Capital assets are depreciated using the straight-line method over the following useful lives:

Buildings and improvements	20-50 years
Office equipment	5-10 years
Vehicles	5-7 years
Fire equipment	5-7 years
	J. , J.

Fund equity - In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside third parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

#### **SUMMARY OF SIGNIFICANT ACCOUNT POLICIES (CONTINUED)**

Property tax revenue recognition - Property taxes are levied as of December 1 on property values assessed as of December 31 of the prior year. The billings are due on or before February 14, after which time the bill becomes delinquent and penalties and interest may be assessed by the Township. Property tax revenue is recognized in the year which taxes have been levied and become available. The Township levy date is December 1, and, accordingly, the total levy is recognized as revenue in the current year.

#### STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary information - Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds. The budget document presents information by fund, function and department. The legal level of budgetary control adopted by the governing body is the function level. All annual appropriations lapse at the end of the fiscal year. The Township had no significant budget variations.

#### **CASH**

The Township's cash is as follows:

	ernmental ctivities	<u>Fiduciary</u>	<u>Total</u>	
Cash	\$ 345,595	<u>2,603</u>	348,198	

Deposits are carried at cost and are maintained at one financial institution in the name of the Township. State statues and the Township's investment policy authorize the Township to make deposits in the accounts of federally-insured banks, credit unions, and savings and loan associations. The Township's deposits are in accordance with the statutory authority. At March 31, 2007, the Township has a bank balance of \$323,238. Of the bank balance, \$100,000 is covered by the federal depository insurance and \$223,238 is uninsured.

#### **RECEIVABLES**

Receivables as of year end for the Township's individual major and nonmajor funds, in the aggregate are as follows:

		Taxes	<u>Assessments</u>	Governmental	<u>Total</u>
General fund Street light fund Roads fund	\$	7,954	154 9,177	22,121	30,075 154 9,177
	<u>\$</u>	7,954	9,331	22,121	39,406

All receivables are considered fully collectible.

#### **CAPITAL ASSETS**

Other capital asset activity for the year-ended March 31, 2007, was as follows:

	1	Beginning <u>Balance</u>	<u>Additions</u>	<u>Disposals</u>	Ending <u>Balance</u>
Governmental Activities - Capital assets being depreciated:					
Buildings and improvements Office equipment	\$	186,557 6,002			186,557 6,002
Vehicles Fire equipment		114,986 246,605	16,500 —	(30,000)	101,486 246,605
Subtotal	<u>\$</u>	554,150	16,500	(30,000)	540,650
Less accumulated depreciation for:					
Buildings and improvements	\$	(30,217)	(8,157)		(38,374)
Office equipment		(3,770)	(744)		(4,514)
Vehicles		(113,558)	(3,393)	30,000	(86,951)
Fire equipment		(106,87 <u>9)</u>	(18,940)		(125,819)
Subtotal	\$	(254,424)	(31,234)	30,000	(255,658)
Governmental Activities					
Capital assets (net)	\$	299,726	(14,734)	<del></del> _=	284,992

#### **CAPITAL ASSETS (CONTINUED)**

Depreciation expense was charged to functions of the township as follows:

Governmental Activities:

General government

<u>\$ 31,234</u>

#### **LONG-TERM LIABILITIES**

Long-term debt at March 31, 2007, is comprised of the following issues:

Fire equipment note payable original issue amount of \$110,000; dated February 2005; issued by Sturgis Bank and Trust; secured by fire millage revenue; interest rate of 5.6% with final maturity dated December 2013.

Fire hall note payable original issue amount of \$121,604; dated December 2004; issued by Sturgis Bank and Trust; secured by fire millage revenues; interest rate of 5.6% with final maturity dated December 2013.

Debt service requirements at March 31, 2007, were as follows:

Year ended March 31,		<u>Principal</u>	<u>Interest</u>		
2008	\$	17,625	10,260		
2009		22,405	9,595		
2010		23,660	8,340		
2011		24,995	7,005		
2012		26,390	5,610		
2013-2014		69,171	14,369		
Total	<u>\$</u>	184,246	55,179		

#### INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

At March 31, 2007, the composition of interfund balances are as follows:

	Interfund <u>Receivable</u>	Interfund <u>Payable</u>
General fund	<u>\$81</u>	
Agency fund Tax collection		\$ 53 5
		\$ <u> </u>

#### **RISK MANAGEMENT**

The Township is exposed to various risks of loss related to property loss, torts, errors and omissions and employee injuries (workers' compensation). The Township has purchased commercial insurance for each of these claims and is neither self-insured nor participates in a shared-risk pool. Settled claims relating to commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.
